#### Introductory

The present volume constitutes the 1944 edition of Henderson's Directory of Regina. The work embodies a complete epitome of the civic commercial, social, and industrial interests and activities of the municipality. It is a modern Directory in all its parts and includes all the essential features which have been proven so satisfactory to our patrons in previous issues; these have been retained and amplified, and improvements have been added as suggested by experience to order to add to the value and usefulness of the Directory thus fully meeting the requirements of patrons; the approbation and continued patronage accorded the work are constant incentives to better service.

The publication has had the benefit and advantage of the complete organization and resources of the publishers, and of the skill and experience of their corps of enumerators and compilers added to the courteous co-operation of citizens, in the production of the volume.

To save paper it has been necessary to condense the information by changing the atreets to three columns, and also increasing the number of names on the page of the alphabetical section. This has been done to comply with provision of Order No. 205 of the Wartime Prices & Trade Board.

#### THE STREET AND AVENUE GUIDE

THE STREET AND AVENUE GUIDE starting on page 97 features the names of all streets and avenues arranged alphabetically and numerically, giving the location, number on the street and showing the occupant.

The intersecting streets are shown in the order that they come.

. Denotas that there is a Telephone in the house.

#### THE ALPHABETICAL DIRECTORY

THE ALPHABETICAL LIST OF NAMES of citizens, business firms and corporations starts on page 167.

#### THE CLASSIFIED BUSINESS DIRECTORY

THE CLASSIFIED DIRECTORY at the end of Book, exhibits the various manufacturing, mercantile, and professional names, compiled under headings appropriate to the class of industry or profession followed.

#### REGINA POPULATION

The Dominion Census of 1941 placed the population of Region at 57,970. The Ration Board in March 1944 distributed 57,563 books.

#### ADVERTISING REGINA

An important function of the Directory is to set forth the characteristics and advantages of the city as a place of residence, as a business location, as an industrial site, and as an educational centre. The Directory acts as a mirror, reflecting all that is noteworthy in the city in the above respects. In order to spread this information regarding the city broadcast over the country, the publishers have placed copies of this issue of the Directory in the directory libraries, where they are readily available for reference use by the public. There they serve as perpetual advertisements of Regins, for business men the country over realize that the City Directory represents the community as it really is.

The publishers take this opportunity of thanking the citizens for valuable assistance rendered to the way of furnishing information concerning themselves, their friends and their business interests for this Directory, and also the public-spirited and progressive business and professional men for support given in the way of patronnes.

Respectfully. The Publishers.
